

BOSTON
SOUTH END
TOWNHOUSE

5

“Holland Construction built a large kitchen and family room addition to our house in 2001, and we were thrilled with the results. Four years later, we downsized, so we called Holland Construction to completely rebuild the small house we purchased. The quality of workmanship, even in the smallest detail, was superb. There were no delays—each phase of the project was finished on time. The crew was friendly, knowledgeable and cooperative in every way.”

— E. Burke & P. Burke
